

Name _____

SUBTRACTION

$$345 - \text{.....?} - 52 - 29 = 230$$

$$984 - 28 - \text{.....?} - 61 = 837$$

$$893 - 38 - \text{.....?} - 32 = 798$$

$$981 - \text{.....?} - 84 - 29 = 836$$

$$841 - 24 - 39 - 48 = \text{.....?}$$

$$920 - 56 - 32 - 21 = \text{.....?}$$

$$\text{.....?} - 25 - 69 - 81 = 800$$

$$\text{.....?} - 23 - 36 - 25 = 775$$

$$789 - \text{.....?} - 12 - 98 = 627$$

$$\text{.....?} - 74 - 12 - 23 = 349$$

$$459 - 23 - 89 - \text{.....?} = 335$$

$$936 - \text{.....?} - 45 - 58 = 818$$

$$\text{.....?} - 25 - 95 - 51 = 316$$

$$587 - 56 - \text{.....?} - 17 = 480$$

$$254 - 82 - 18 - 69 = \text{.....?}$$

$$256 - 15 - 84 - 24 = \text{.....?}$$

Write the following subtractions and calculate the answer.

e.g.

Two hundred and seventy-five, take away one hundred and thirty-four, equals?

275
- 134

141

Four hundred and twenty-four, take away one hundred and eleven, equals?

Nine hundred and four, take away three hundred and sixty-six, equals?

Seven thousand and five, take away four hundred and four, equals?

Ten thousand and seven, take away three hundred and one, equals?

Eight thousand and three, take away nine hundred and two, equals?
